CAREER OBJECTIVE

I am a passionate and driven Computer Science student, eager to apply my strong foundation in programming, algorithms, and software development to real-world challenges. With hands-on experience in C, Python, and C++, I aim to contribute to cutting-edge projects while expanding my skills in machine learning, data analysis, and web development. I seek a dynamic position where I can grow as a software engineer and collaborate in team-based environments. My goal is to leverage my problem-solving abilities and technical expertise to develop innovative solutions that positively impact the tech industry.

EDUCATION QUALIFICATION

Qualification	School/College	Board / University	% / CGPA	Year of Passing
B.Tech (CSE)	Shri Vaishnav Vidyapeeth Vishwavidyalaya, Indore	SVVV, Indore	8.0 CGPA	2026 (Ongoing)
Class XII	Kautilya Education Academy, Shajapur	CBSE	85%	2022
Class X	Dinah Convent School, Tarana	CBSE	68%	2020

TECHNICAL SKILLS

- Programming Languages:** C, C++, Python, REST API
- Web Technologies:** HTML, CSS, JavaScript, React, Node.js, Express, Redux Toolkit, Tailwind CSS, Bootstrap
- Database:** MySQL, MongoDB
- Tools:** Visual Studio Code, MongoDB Atlas, Git, GitHub, Render
- Core Concepts:** Data Structures & Algorithms (C++), Responsive Web Design

PROJECTS

Wanderlust (Airbnb Clone)

Developed a dynamic, full-stack hotel booking website using HTML, CSS, and JavaScript for the frontend and Node.js with Express for the backend. Integrated MongoDB as the database and deployed the application on Render. Focused on intuitive UI/UX and optimized performance for better user engagement.

MilkMate (Dairy Management & Milk Delivery Platform)

Built a role-based full-stack web app to streamline milk delivery by connecting dairies, milkmen, and customers. Features include secure login, dashboards for each role, product listings, order tracking, scheduling, and SMS notifications. Used Node.js, Express, MongoDB, and EJS, with MVC architecture and RESTful APIs.

Achievements & Certifications

- **Certified in Full Stack Web Development** – Apna College
- **Certified in Data Structures & Algorithms (C++)** – Apna College
- **Winner – Project Presentation Competition** at *Technovate 3.0*, organized by SVVV on IBM Day (2025) for the “MilkMate” project
- Successfully hosted and deployed full-stack applications using industry-standard tools like GitHub and Render

Declaration

I hereby declare that the information provided above is true to the best of my knowledge and belief. I understand that any false information or misrepresentation may lead to disqualification from the application process.
